PREPARING STUDENTS TO LIVE IN AN INTERNATIONAL WORLD

The Dearborn Academy (TDA) is committed to offering a challenging and supportive environment for our Pre-Kindergarteners through Eighth Grade students. Our primary goal is to prepare them with the necessary knowledge and skills they will need as 21st century learners, along with fostering creativity, curiosity, and a life-long appreciation for learning.

Learning is a journey. Students advance through their journeys at different rates. Teachers use both district and state assessment tools, where the outcomes are used to differentiate the instruction for individual students to make sure we meet them where they are and lead them forward in their learning. We look forward to working in partnership with you to assist our students in their journey as learners. If you have questions about our school, please feel free to contact us.

MISSION

The Dearborn Academy is a unique charter school serving a multicultural community through individualized, focused instruction allowing each student to achieve academic excellence and exhibit social responsibility.

EDUCATIONAL PROGRAM

We provide students with a solid foundation of skills, knowledge, and understanding that are necessary for continued growth and success as students and as adults in society.

We offer a flexible and adaptive curriculum that includes learning experiences in all core subject areas, as well as technology, foreign language (Arabic), art, and physical education.
